The Tropical Agriculturist

The Agricultural Journal of Ceylon

Founded 1881.

Published by
The Department of Agriculture,
Peradeniya.

Vol. XCIX

Containing Numbers 1 to 4,
January to December, 1943.

J. N. A 47845-905 (2/45)

INDEX

Vol. XCIX., January to December, 1943.

Number	Month		Pages
1	January	to March	1– 64
2	April	to June	65–130
3	July	to September	131–199
4	October	to December	201–270

A

Ammonium sulphate and of ammonium phosphate as nicifos on the lateritic paddy soils of Peradeniya, the effect of, 83
Analysis of Ceylon foodstuffs, 13
Animal Disease Return, 61, 127, 196, 267

B

Balsa cultivation in Ceylon, progress of, 214
Board of Agriculture, minutes, 169
Botanist's selections, 160
Brown spot of paddy, 150

C

Candied fruit and cordials, the preparation of jams, preserves, 27
(Carica Papaya, Linn) Sex variation in papaw, 143
Castor yield of, the influence of manuring spacing of hills and seedling number per hill on the, 3
Cattle on coconut estates (Editorial), 201
Central Board of Agriculture, minutes, 169
Ceylon foodstuffs, the analysis of, 13
Ceylon rain, the nitrogen content of, 18
Change in the vitamin C. content of Lime Juice preserved with spirits, 13
Cinchona culture in Ceylon, history of, 91
Coconut estates, cattle on (Editorial), 201
Coconut Research Scheme, minutes, 116, 187, 190, 265
Conservation practice, drainage as a, 45
Composition of some minor fruits, home-pounded grains, and vegetables, 13
Copra, Ceylon estate, Part II, 203
Cordials, the preparation of jams, preserves, candied fruit and, 27
Cyperus procerus Rottboell, indigenous plant liable to be a troublesome weed of paddy lands, 212

D

Desi-Plough : will it stage a come back ? (Editorial), 1
Drainage as a conservation practice, 45

E

Editorial, 1, 65, 131, 201
Effect of ammonium sulphate and of ammonium phosphate as nicifos on the Lateritic paddy soils of Peradeniya, 83
Estate copra, Ceylon, Part II., 203
Experiments with vegetables, spacing, 69
Experiment, the Kurundankulam (Editorial), 131

F

Food production, 231
Foodstuffs, the analysis of Ceylon, 13
Free-floating water-weed—a recently introduced, *Salvinia Auriculata* Aublet, 146

G

Garlic, red onions or shallot, onions and, 218
Goat virus and rinderpest (Editorial), 65
Good seed potatoes and how to produce them, 39

H

History of cinchona culture in Ceylon, 91
Houses, movable poultry, 37
How to produce good seed potatoes, 39
Hydnocarpus oils in Ceylon, part II., 140

I

Indigenous plant liable to be a troublesome weed of paddy lands, Cyperus procerus Rottboell, 212
Influence of manuring, spacing hills and seedling number per hill on the yield of castor, 3
Insect pests, the scope and functions of plant protection legislation in Ceylon with special reference to, 221
Jack-bean as food, the utilization of the sword-bean and, 157
Jams, preserves, candied fruit and cordials, the preparation of, 27

K

Kurundankulam experiment (Editorial), 131

L

Legislation in Ceylon with special reference to insect pests, the scope and function of plant protection, 221
Leguminous cover crop in building up soil fertility, the effect of a, 101
Lime juice preserved with spirits, the change in the Vitamin C content of, 13

M

Mango, stock-scion trials with, 1. a preliminary note, 134
(Meneri) *Panicum miliaceum*, 207
Methods in plant breeding, 162
Meteorological Report, 62 to 64, 128 to 130, 197 to 199, 268 to 270
Milk of cows and buffaloes, studies on the effect of various factors on the Vitamin C content of the, 108
Minor fruits, home-pounded grains, and vegetables, the composition of some, 13
Movable poultry houses, 37

N

Nitrogen content of Ceylon rain, 18

O

Oils in Ceylon, Hydnocarpus, part II., 140
Old order changeth, 49
Onions and garlic, red onions or shallot, 218
Order changeth, the old, 49

P

Paddy, brown spot of, 150
Paddy cultivation in Kandy, 152

INDEX

Paddy lands, and indigenous plant liable to be a troublesome weed of, *Cyperus procerus* Rottboell, 212
Paddy soils of Peradeniya, the effect of ammonium sulphate and of ammonium phosphate as nicifos on the lateritic, 83
Panicum miliaceum (Meneri), 207
Papaw, sex variation in (*Carica Papaya*, Linn.), 143
Pests, the scope and function of plant protection legislation in Ceylon with special reference to insect, 221
Plant protection legislation in Ceylon with special reference to insect pests, the scope and function of, 221
Plant breeding, methods in, 162
Plough-Desi, will it stage a come back? (Editorial), 1
Poultry houses, movable, 37
Poultry breeding stock, the selection of, 96
Preparation of jams, preserves, candied fruit and cordials, 27
Preserves, candied fruit and cordials, the preparation of jams, 27
Propagation of sapodilla, studies in, 78

R

Raddish seed production, 86
Rain, the nitrogen content of Ceylon, 18
Red onions or shallot, onions and garlic, 218
Rinderpest, 20
Recently introduced, free-floating water-weed, *Salvinia auriculata* Aublet, 146
Rinderpest and goat virus (Editorial), 65
Rubber Research Board, minutes, 58, 123, 184, 257, 263

S

Salvinia auriculata Aublet, 146
Sapodilla, studies in propagation of, 78
Seed potatoes good, and how to produce them, 39
Selection of poultry breeding stock, 96
Sex variation in the papaw (*Carica Papaya*, Linn), 143
Soil fertility, the effect of a leguminous cover crop in building up, 101
Some minor fruits, home-pounded grains, and vegetables, the composition of, 13
Spacing of hills and seedling number per hill on the yield of castor, the influence of manuring, 3
Spacing experiments with vegetables, 69
Stock—Scion trials with mango—a preliminary note, 134
Studies in propagation of Sapodilla, 78
Sword-bean and jack-bean as food, the utilization of the, 157

T

Tea Research Institute, minutes, 51, 54, 118, 192, 260

U

Utilization of the sword-bean and jack-bean as food, 157

V

Virus, rinderpest and goat (Editorial), 65
Vegetables, spacing experiments with, 69
Vitamin C content of lime juice preserved with spirits, the change in the, 13
Vitamin C content of the milk of cows and buffaloes, studies on the effect of various factors on the, 108

Y

Yield of castor, the influence of manuring, spacing of hills and seedling number per hill on the, 3

ILLUSTRATIONS APPEARING IN Nos. 1 to 4, VOL XCIX.

	Facing Page
Illustrating the relation of yield to plant density	10
Sapodilla on local *palu* seedling stock ..	80
Sapodilla on *mee* at Wariyapola ..	81
Sapodilla on *mee* at Jaffna ..	82

INDEX

Sapodilla on Indian *palu* at Wariyapola	83
Export of Cinchona Bark from 1882 to 1902	95
Willard Mango tree in fruit on *kohu amba* stock 2 years after frame working ..	138
Willard Mango tree in fruit on *Etamba* stock 2 years after frame working ..	139
Flower buds with stamens enveloping the stigma	142
Long yellow coloured flowers with a short ovary	142
Small greenish flower bud ..	143
Small flower with a diminutive ovary ..	143
Sparsely branched panicle with the flower cluster at the top ..	143
Distribution of Salvinia Auriculata in Ceylon	147
Brown spot of paddy ..	150
Cyperus procerus Rottb. ..	212

	After Page
Salvinia auriculata 1. Adult plant (natural size) 2. Juvenile plant (natural size) 3. Portion of adult plant showing sporocarps (X 2)	270
Salvinia auriculata in a water-course at Colombo	"
Salvinia auriculata near view of the weed	"
Salvinia auriculata the weed in the canal at Kolonnawa	"
Salvinia auriculata stretches of water entirely covered by the weed in the water-logged grasslands in Colombo ..	"
